Get Involved By Doing Your Part No Mow May

No Mow May is an annual campaign asking everyone to put away their lawnmower during the month of May to help our native wildlife. We are encouraging Tuath staff to take part and document the before and after!

Why should I take part?

In Ireland one third of our bees are threatened with extinction. This is mainly due to hunger, there aren't enough flowers in our landscape to give them the pollen and nectar they need. Lock away your lawnmower for #NoMowMay and give native wildflowers a chance to grow. These flowers provide the best source of pollen for our hungry pollinators. By mowing less we can give them the chance to appear naturally. No seeds needed!

How much impact can one lawn have?

Every No Mow May area, no matter how small can be a lifeline for your local pollinators. If only a fraction of Ireland's gardens took part the collective impact would be huge.

I don't have a lawn, how can I take part?

You can still help pollinators by planting a pollinator friendly pot or window box. Plants like thyme, oregano, chives & lavender are excellent sources of pollen and nectar.

Best Kept Estate 2024 Now Open for Nominations

Tuath Housing
BEST KEPT ESTATE AWARDS
Competition 2024
Applications now open!
 Win 1 of 6 €500 Garden Centre vouchers for your estate by
